INFANT WITHOUT A SEAT

An infant without a seat, can be added/removed from a Booking File at any time during the booking process, even after Booking File has been created.

N.I/JONES/DAISY MISS*02JAN25 – Add

N.P3@ - Delete Infant (Pax 3)

Notes:

- The date of birth is mandatory and must be entered with the date format **DDMMMYY**.
- The SSR INFT is automatically added for all segments in the Booking File (after ER) and the infant is automatically associated with any passenger in the booking.
- If the total number of characters of the adult name field and the infant name field combined exceeds 55, the infant may not be associated with the adult in the SSR INFT.
- A multi-passenger Booking File with an infant can be associated with any adult passenger, not just with the first adult

New Entries for Infant / Adult association

Format:	**Description:**
SI.P##/INFT-PXX	Assign infant passenger to adult passenger **(before end transact)**

= Infant Passenger(s)
XX = Adult Passenger

Example Infant associated with Adult # 2 (before end transact)
